Bandmaster Observes Birthday  
Anniversary Quietly and  
at His Home

**CAPTAIN HENRY BERGER**  
Veteran band leader anticipates many  
years more of usefulness.

"I hope to live a good many years more. I have a great deal of work to do."

Hale, hearty and active on his 72d birthday Captain Henry Berger, known and loved by all Hawaii, is looking forward to years of community service to come. Forty-two years ago this summer he came to Honolulu to organize and lead what is now the Hawaiian Band. To him is due much of the credit for the preservation of the arts of old Hawaii. To him is due much of the credit for the popularity of Hawaiian music on the mainland now, for it was he who arranged it and it was he who wrote much of it.

"I guess I am a living advertisement of the virtues of the climate," he laughed this morning when congratulated on his health and strength. "I have lived here for 42 years now. Maybe I will live here for 42 years more. Who can tell?"

This year, in contrast to the last few years when big public celebrations of the kappelmester's natal day have been held, he is spending the day quietly at his home on 14th avenue, Kaimuki, surrounded by his family. C. Du Roi, a friend of long standing, was over to see him bright and early this morning and a few other old-time friends have dropped in or sent flowers or other remembrances.

Although he "retired" two years ago, after 40 years in the service of Hawaii, Captain Berger has not crossed his hands and ceased to labor. He has been busy arranging and composing, giving his services gratis whenever they are needed. The music for the Punaluu pageant was his. He has organized a band at the Boys' Industrial School, and led it on the march through the streets at its first public appearance on Kamehameha Day—42 years to a day after his first concert in Honolulu. He has something new on hand all of the time. There are a half dozen bands throughout the islands that depend on him for the arrangement of their music, and an occasional composition.

All honor to Captain Berger.

**SUDDEN DEATH**

Before an Insurance Company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking 'Anuric,' in tablet form." You can obtain "Anuric" at almost all drug stores. It was the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. If you cannot obtain it at your drug store, send him 10 cents for trial package "Anuric," or \$1.00 for full treatment.—Adv.

**HARMONY CHORD  
IS SOUNDED IN  
BOURBON RANKS**

Dawn of New Party Era Appears to Be in Sight; Platform is Adopted Without Change

Harmony is to become an established fact as regards the Democratic party in Hawaii. Factional fights are to be suppressed. There is a feeling in the territorial central committee that any fight against Governor Pinkham or his administration had best be dropped.

This, as one local Bourbon put it today, about sums up the final decision reached at a meeting last night of the central committee, at which time work on the party's platform for the coming campaign was completed and the instrument adopted.

"It appears to be the opinion of the members of the committee that it is useless to fight Governor Pinkham," this Democrat continued. "We feel that the present body is the best central committee the party in Hawaii ever had. During the election there was no opportunity for 'under-the-board' work. The members all were chosen on their merits."

It is further pointed out that from now on the central committee will work for harmony, plenty of it, in the party, with a special view to preventing factional fights which have waxed bitter in the last few years. In political circles, both Republican and Democratic, much favorable comment is to be heard regarding the Bourbon platform. In some respects, say those who profess to know, it is superior to that adopted recently by the G. O. P.

Another meeting of the central committee will be held at 7:30 o'clock next Tuesday in the office of National Committeemen John H. Wilson in Pauahi street, at which time the feasibility of holding a ratification meeting will be discussed. It is the opinion of a majority of the Democrats that a ratification meeting should be held, and it has been suggested that Ala park be the scene of the gathering. The meeting will be held primarily to indorse the present national administration.

Discussion of matters regarding the organization of the party for the coming campaign also will be had.

The platform was adopted last night without change or without the adding of new planks.
